

# ELIZABETH TAYLOR

## ACTRESS AND ACTIVIST

One of Hollywood's true legends, actress Elizabeth Taylor's epic beauty is only surpassed by her selfless, caring heart. Her first lead appearance in the 1944 classic *National Velvet* elevated her to stardom.

For her work in *Butterfield 8* and *Who's Afraid of Virginia Woolf?* she received Oscars.

Elizabeth Taylor has utilized her celebrity to work tirelessly for HIV/AIDS education, prevention, treatment and research. She created the American Foundation of AIDS Research and the Elizabeth Taylor AIDS Foundation. Her efforts to eradicate AIDS have been honored time and again by the film industry and the American Medical Association.
